

Services offered by Lokvani

Lokvani is an E-Governance project launched jointly by District Administration and National Informatics Centre in Sitapur district of U.P. (India). The objective of Lokvani is to provide various E-Governance services to the people of Sitapur.

It is a Network of computers spread across all the six tehsils and blocks of Sitapur. The Lokvani website is hosted at NIC Web Server at New Delhi. Currently 30 Public kiosks (called Lokvani Kendra) are functioning at tehsil and block headquarters. Existing cyber cafe/ Computer centres running at tehsil/ block level were given licenses to run as Lokvani Kendra. Government sponsored kiosks are proposed to be setup at Nyaya Panchayat level in future.

Following services are being offered to people through Lokvani
